This might be a parody of "It's a Wonderful Life". Or one of those kids' horror stories about how horribly awful it would be to die. Last but not least, the first time we see the ghost in a clearly visible situation and it says "what?" or "ah?" is in [1] when Abbie talks to Vicki in the bathroom. The video at [1] says Vicki's child has died (apparently because of leukemia), and "it's a long time ago". Vicki says she doesn't believe in ghosts, and Abbie counters by saying she's never seen a ghost. Privacy PolicyQ: How to set axis range in Raphael This is my code `raphael.pie(50,50); var slice = paper.path("M 0.5,50 50,0 50,50").attr({fill: "black", stroke: "black"});` and this is the output but this is what i want as you see the bottom side of the pie chart is longer than the top side. How can i set the axis range for the pie chart? A: Set the width of your paper. See the example here. Effects of dietary protein on the tissue levels of zinc, copper and iron in the F344 rat. The ability of the Fischer 344 rat to maintain tissue levels of zinc, copper and iron with differing levels of dietary protein was examined. Male rats were fed diets containing 5, 12 or 20% protein from 20 to 30 weeks of age. Mean values for the 21-week-old rats given 20% protein in the diet were as follows: for zinc, 1.12, 0.85 and 0.98 mg/g dry wt.; for copper, 28.7, 29.3 and 28.7 mg/g dry wt.; and for iron, 54.5, 36.9 and 36.7 mg/g dry wt., respectively. Zinc and copper levels in the stomach and the intestine increased with increasing dietary protein. The stomach zinc levels 82157476af
